

Eulex M

Adhesive remover M

Low-odour special product for the effortless removal of adhesive, tree sap and rubber marks even from matt-painted vehicles, glass surfaces, etc. Penetrates quickly into the organic residues and softens them and this enables easy removal. The product's active ingredients are not flammable and only evaporates slowly. Contains no halogenated hydrocarbons. With Daimler approval.

page 1 of 1

Areas of use

Solvent-resistant surfaces such as paint (including matt paint), glass, ceramic, metal, etc.

Recommendations for use

Application on matt paint: spray undiluted onto the cooled treatment surface, leave to stand for 1-3 min., where necessary, wipe with a soft sponge without pressure (to prevent reflector surfaces/colour changes) and use a high-pressure cleaner to rinse off thoroughly. Finally, wash with NanoMagic Shampoo, rinse and dry carefully (without pressure). Application on normal paints, glass, etc.: loosened residues can also be removed with a cloth (instead of high pressure).
